

Duck on Wheels Computer Tower

All Duck on Wheels Computer Towers come in your choice of 5 colors, choice of computer specs, Windows 11 Pro, and a power supply. On the website you have options to add keyboard, mouse, monitor, and other accessories.

How to Purchase:

All computers can be purchased through our website: <https://solarsystemcomputers.com>

Once you get to the website, feel free to look around and see what else we have new to offer. Our plan is to offer many new designs each year. After you are done looking around, find the cart/build computer button. This is where you can custom order your computer. Please remember to enter your reseller code located on this brochure. This will give credit to our partner that gave you this information.

Saving the Planet

Our goal is to provide a computer that uses standard board and parts. In the future when you are ready to upgrade your computer, please contact us and we can make arrangements to upgrade your existing computer from us, or you can trade it in toward the purchase of another computer. We would love to see our customers keep their computers for many years.

The Duck on Wheels computer comes in many colors

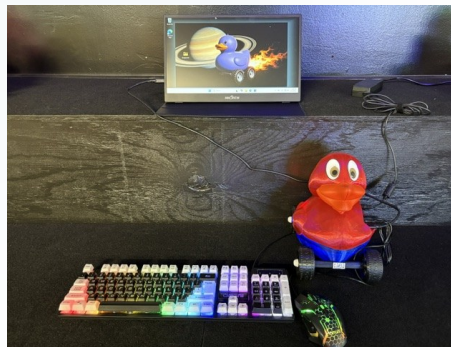

We offer the Duck on Wheels Computer Tower in several different colors. On our website you can custom design your computer with your favorite colors. You can choose the color of the duck, and eyes. We currently have it in yellow, red, blue, pink and purple. For Jeep Freedom 2026 we have a special edition that is red on top with a blue bottom. This special edition comes with a special Jeep Freedom 2026 license plate on the front, and will only be available for a limited time

Computer Specs:

The Duck on Wheels Computer Tower comes with the Intel Ultra 5 225H Chip with 16GB DDR5 Ram, 1TB high Speed NVMe Storage at minimum 5,000 MB/s. 2xHDMI 2.1, 2xThunderbolt4, USB3.2Gen2, USB2.0, 2.5Gb Ethernet, WIFI7 with Bluetooth, and Power Consumption is 120W.

Many options to upgrade, such as: Ultra 7 Processor, Memory up to 96GB DDR5, and up to 4TB NVMe Storage

Lights!!

All of our Duck on Wheels Computer Towers come with RGB Lights, and a remote. This allows you to customize how you want your computer to light up. There is also an option for you to run the lights on your computer without the computer part being turned on, and vice versa, you can run the computer with the lights off. For Jeep Freedom 2026, we are offering a limited time special edition Duck on Wheels Computer Tower, that will come with a red top and a blue bottom, with a license plate on the front with the official Jeep Freedom logo and the year 2026 on it. Get this limited edition before the time runs out. It can only be purchased at the event, or through the website using the code for the reseller of: JF2026 This will take you to a special page where you can order it.
